## By System

This index lists most of the articles which have appeared in **MICRO** from October 1977 through May 1980, the period covered by Volumes 1, 2, and 3. Specific issue numbers for each article are given in parentheses. Use this list to determine **MICRO**'s value to you.

All of the material listed for Volumes 1 and 2 has been republished in **The BEST of MICRO, Volume 1** and **The BEST of MICRO, Volume 2**. For Volume 3, only the articles with a star (\*) have been republished in **The BEST of MICRO, Volume 3**. **MICRO, Volume 4** (June 1980 — May 1981) contains Ohio Scientific's "Small Systems Journal." For semiannual and annual indexes to Volume 4, see **MICRO** issue no. 32 (January 1981) and no. 36 (May 1981).
